## GLADIOLUS PRICE LIST--FALL 1931

The prices listed herein are for this fall only and are not binding after my descriptive catalog comes out around the first of the year.

**Extras on Cash Orders:** On cash orders of \$2.00 to \$5.00 you can select 10% extra in bulbs of your own choosing. From \$5.00 to \$25.00 select 15%, \$25.00 to \$50.00 select 20% and above \$50.00 select 25%. These are larger discounts than I have given before and are for fall orders only. Don't expect I shall be able to give the same discounts in my new catalog which comes out about the first of the year. If you want to save money order now.

Also on orders of \$25.00 to \$50.00 I will put in a Palmer seedling No. 257A1 extra. On orders of \$100.00 or more in addition to the regular discount I will give you extra, a bulb of Hercules. This is a fine variety and worth \$25. **This is for fall orders only.**

On cash orders of \$10.00 or more of quantities priced per each and per ten I will give a copy of the "Gladiolus Book" by Rockwell, if you ask for it.

*The extras cannot be allowed on the varieties Picardy, Pirate, Bagdad Spray of Gold, Mrs. Langford or Inspiration. Also these varieties cannot be used as extras on any orders.*

My crop this year is the finest I have ever had. Bulbs are plump, high crowned, healthy and true to name. The fall is a good time to get them if you have the proper facilities for storing them, as you with your smaller quantities than the big growers have can perhaps take better care of them through the winter time. If your facilities are not suitable for caring for them during the winter you can order now, to secure the benefit of the big discounts which I am offering, and we can deliver them to you anytime through the winter or spring.

Packages of bulbs run from fifty to two hundred or more. We give very good value on these packages.

You can have 5 bulbs at the 10 rate; 25 at the 100 rate; 250 at 1000 rate. But no single item for less than 20 cents.

**Special Notice:** We have found that we lose money on orders under \$1.00 and on items of less than \$.20. We have a very efficient system of handling our orders. Each order is written in triplicate. One copy going to the customer at the time the order is received, one copy going out with the bulbs and one copy being retained for ourselves. On items of \$.10 or \$.15 we cannot make any profit. Each item has to be written off, bags written, bulbs put up, rolled up, checked and packed, so that we are not accepting any single items of less than \$.20. It doesn't cost us any more to put up several bulbs for \$.20 or \$.25 than it would one bulb at \$.10. By making the single items not less than \$.20 we think we are giving better value. We give more bulbs for your money and we mean to be very generous with extras, usually giving extra count. If there is some special bulb or bulbs you would rather have as extras than extra count on the items you order, just mention it and, if the price is within reason according to the size of your order, we can probably give it to you.

**Guarantee Satisfaction.** We have built our business up in ten years from nothing to one of the biggest gladiolus businesses in the country simply by treating our customers right, giving satisfaction. If at anytime you receive any bulbs that are not right, or if you are not satisfied after they have bloomed, we consider it a very great favor if you will let us know about it so that we can make it right. We positively mean it when we say, we guarantee satisfaction.

I will be glad to duplicate any special offers made by any other grower. If you want to put a dollar or any other specified amount of money into a certain variety send on the money and leave it to me to give you good value. I will personally see to it that you are satisfied. In fact I personally see to it that every order that goes out is filled generously and in a way that will please you.

The above discounts and extras are all for cash orders received this fall. The earlier the orders are received and the larger they are the more generous we will be with our extras. If you want to get your order in and cannot spare all the cash now send 25% and the balance later and we will see that you are satisfied. **But the above extras are only for cash.**

At these prices all bulbs are prepaid anywhere in the United States and Canada and all countries in the Postal Union. Transit charges to countries that require them are not paid.

**When there is a figure before prices (as 3-.20, 4-.20 etc.) it means  
three bulbs for .20 or four bulbs for .20, as the case may be.**
